Dear Potential Sponsor:

The VISD Education Foundation seeks to “make magic” in the lives of students and educators as we help light the way to a bright future. Such inspiration and innovation happen in the classroom as educators are awarded Grants for Great Ideas and Victoria East and Victoria West students receive dual credit scholarships to attend Victoria College, among many other initiatives to support Victoria ISD in their pursuit of academic excellence.

To help us generate support for our programs again this year and provide a family-friendly event, we are thrilled to present magician **Michael Carbonaro with a brand-new show, CARBONARO: LIES ON STAGE**, on **February 12, 2022**, at 7:30 p.m. at the Victoria Fine Arts Center.

*From his hit television series “The Carbonaro Effect” on truTV, America’s favorite Trickster makes a triumphant return to live performances in **CARBONARO: LIES ON STAGE**, conjuring up a concoction of unbelievable magic, hysterical offbeat shenanigans, and wonder for audiences of all ages. We’d say you have to see it to believe it, but you won’t believe a thing when you’re in the presence of Michael Carbonaro!*

**By participating in this event as a sponsor, you can be a part of the magic too!** Enclosed with this letter is information about the goals and achievements of the Foundation, the levels of sponsorship, and a sponsorship form. **Please submit the included form and your check or credit card number to the Foundation office.** Details for the sponsor reception will be included at a later time.

As a community, we have to nurture an environment of success that comes through the educational achievements of our students. So please join us in this phenomenal performance!

Thank you,

Matthew Albrecht
